Low-Effort Gulf Coast Day Planner

Default easy answers

Start with	Best when	Keep it easy
Venice	You want pier, beach, downtown, and food to fit together	Let one compact town pattern carry the day.
Punta Gorda	You want harbor walking and waterfront food without beach setup	Use the waterfront as the main return.
Sarasota	You want atmosphere, a market, or bayfront without a full day	Pick one polished area only.
Nokomis	You want one simple beach stop	Make the beach the whole answer, not the first stop.

Keep it simple

- One good answer beats ten maybe answers.
- Use nearby food and a short walk as support.
- Lower effort is not lower quality when it fits the day.
